## BRANDS

FirstGroup, Hilton Hotels, Jelf Group,  
Barnett Waddingham, Hillary's Blinds  
Waltons Web Ltd, B2E Technologies  
SBC Systems (UK)  
Cranfield University

## INTRO

A mid-senior integrated designer with 9 years experience working across digital, UI / UX, eCommerce, illustration and branding. Currently, as the sole product designer for a media database, responsible for gathering requirements, establishing patterns and user journeys for 7000+ users.

Creating ideas independently has enabled me to show self-sufficiency up to this point. A sociable person, seeking to work with like-minded creatives and help push ideas further and to see the design cycle in larger team.

## PERSONAL ETHOS

Understanding the importance of being audience focused is critical. This allows for thorough research, enabling a range of ideas. Strong visual communication skills in a clean style allows for an ease of understanding for a wide range of users.

## EXPERIENCE

### Senior Product Designer

Roxhill Media

August 2017 - Present

### Graphic Designer

Penkom

December 2013 - August 2017

### Graphic Designer

Waltons Web Ltd.

Nottingham Trent University

## INTERESTS

Aside from drawing, I love to cook, attempting to make vegetarian food tasty. I participate in marathons, enjoy cycling, football and golf and in October 2019 completed a challenge to cycle across America, from LA - NY with a group of friends. We proudly raised £17k for two cancer research charities.
